Deep Roots

ABIDE AND WHOLEHEMP'S ROOTS ARE DEEP – THEY STRETCH BACK TO 1998 WHEN WE GREW OUR FIRST LEGAL CANNABIS (IN THOSE DAYS HEMP) CROP - OUTDOORS OF COURSE! FOR WELL OVER 25 YEARS, WE HAVE BEEN INVOLVED IN THE CANADIAN HEMP AND CANNABIS INDUSTRIES THROUGH OUR BUSINESSES, ORGANIZATIONS WE HAVE STARTED & SUPPORT AND A VARIETY OF RESEARCH PROGRAMS. YOU COULD SAY CANNABIS IS OUR PASSION.

We source our hemp from a select group of local farmers who have perfected the art of growing premium quality high CBD flower. We grow our own balanced and high THC flower organically and regeneratively at our farm in the beautiful Trent Hills. Our products are all full spectrum, whole plant products which in addition to the principal cannabinoids contain other trace cannabinoids and terpenes which together have a synergistic effect commonly known as the entourage effect.

We produce all of our products by hand in small batches and if there are ingredients other than cannabis you can count on there not being many, and that they are all botanical. When you purchase ABIDE and WholeHemp products, you can buy with the confidence that you are supporting environmentally friendly local farmers growing cannabis in the most sustainable manner possible - sungrown outdoors - and a producer with decades of knowledge and the highest levels of quality.
